**ALL SMILES AS HULL DENTAL EDUCATION CHARITY RECEIVES
DONATION FROM THE LIZ & TERRY BRAMALL FOUNDATION**

The Liz & Terry Bramall Foundation has kindly donated a substantial grant to Hull-based charity Teeth Team, as part of its support for charities across Yorkshire.

Teeth Team received the donation from the Foundation after applying for grant funding to support the work being done in primary schools. The Foundation provides a range of grants, including for the provision of advancement of health and working with school pupils in areas of social and economic deprivation.

Teeth Team is a school-based supervised tooth-brushing programme, incorporating clinical dental assessments, applications of fluoride varnish and the subsequent signposting for accessing primary and secondary dental care. It is a collaborative working partnership between local dental practices, schools, and parents in an effort to improve the dental health of children predominantly across Hull, East Riding, Lincolnshire, North Yorkshire and Nottingham.

The donation to Teeth Team will be used to purchase toothbrushes, toothpaste, and other dental supplies for the charity to use in the 22 schools it currently supports.

Chris Groombridge, Chair of Teeth Team since its inception in 2010, commented: "This wonderful grant from The Liz & Terry Bramall Foundation is gratefully received and will be a valuable donation in assisting us rolling the programme on into 2023. Donations like this really help the 3,756 children we currently support with their oral health. Thank you!"

If you would like to support Teeth Team then please visit www.teethteam.org.uk for further information.
